

Regulated Entities Empowerment on Green Finance, Alliance for Financial Inclusion

Duration: January 2020-December 2020

Goal:

The main goal of the project is to increase the public awareness of NBFIs on Green financing. In the result we expect that the amount of loans issued to support SMEs engaging in business related to green products will increase, which will eventually lead to the increased number of green products in the market.

Objective:

Level of understanding and knowledge about the significance of green finance will be increased among the NBFIs after the training is conducted.

Deliverables:

- Conduct a comprehensive survey after the training from participants of NBFIs to assess the level of understanding and knowledge about green financing;
- Conduct training to increase the awareness of green and sustainable financing among the NBFIs. Training will be focused on giving basic knowledge about the climate change, the significance of green products in the market, and also will be concentrated on providing guidance and recommendations to support green products;
- Provide training materials to enhance the knowledge on practices of implementations to support green products based on the information obtained from the training.

Implementing organization:

The Financial Regulatory Commission of Mongolia
